

City of Grand Forks, BC

April 21, 2022

To Grand Forks City Council:

Please accept this letter as an application for the permission to setup a Patio in front of the Board Room Café located at 353 Market Ave. We wish to utilize the 4 diagonal parking spaces located on Market Ave, directly in front of our building. The period of time requested is from May 15, 2022 to October 15, 2022 (approximately). I have attached a picture of our patio for your consideration. We will indemnify the city with our insurance provider, as we have done in the past.

It has shown that with the addition of the patio it increased our sales and profit which allowed us to remain open during those difficult times of flood and Covid. The support to our business and other businesses located downtown, often times go unappreciated... but not in this case.

Thank you councillors for your support.
