Letter of Support – Technology Service Agreement Renewal

Attn: Mayor and Council, City of Grand Forks

On behalf of Gallery 2 – Grand Forks Art Gallery, I would like to express support for the renewal of the Technology Service Agreement between Gallery 2 and the City of Grand Forks. This agreement provides the City of Grand Forks with stable, predictable technological access to the HVAC, telephone, and IT infrastructure in the 1911 Heritage Courthouse, a city owned building. It supports Gallery 2 through predictable IT infrastructure costs, access to enterprise level networking, and technical support. The funding model is sustainable and low risk; Gallery 2 is able to covering the lifecycle and replacement costs of our network equipment.

Regards,

Tim van Wijk
Director/Curator | Gallery 2
