

Request for Decision

To: Regular Meeting

From: **Department of Engineering & Development**

Date: January 29, 2018

Subject: British Columbia Conservation Foundation (BCCF) - WildSafeBC Program for 2018

Recommendation: **RESOLVED THAT Council supports staff submitting the grant application for a WildSafeBC Community Coordinator for the 2018 season and commits \$8,500 from the Wildlife Management budget to match and supplement grant funding.**

Background

WildSafeBC has launched its sixth season and is again providing funding to assist with the hiring of a Community Coordinator for 2018. During 2013 - 2017 the Grand Forks coordinators engaged in activities aimed at reducing human-wildlife conflict through education, innovation and cooperation. Keeping WildSafeBC and its message of attractant management in the public eye was the focus for the 2013-2017 seasons as well as providing concrete solutions to human-wildlife conflict through educational displays, door-to-door visits, presentations with field experts, media releases, community Facebook page, etc.

In 2017, WildSafeBC was delivered in 26 communities and regional districts throughout BC. Looking forward to the 2018 season, WildSafeBC would like to continue to collaborate with community partners to make concrete solutions available for local wildlife attractant issues through education.

Partnering organizations, such as the City, contribute a minimum of \$3,000.00 towards the program delivery costs and the BCCF provides \$8,523.00 that is allocated towards wages for the Community Coordinator to work, part-time, in the community during the period May 1st to November 30th. The hiring, training and supervision of Human Resource aspects of the program are managed by the BCCF. Additionally, the BCCF provides all training and related expenses as well as a community toolkit containing resources for the delivery of the program including brochures, bookmarks, posters, door hangers, tattoos, Junior Ranger kits, display boards, banners and various props.

The application process and timeline for 2016 are as follows;

- 1) Jan. 3: Application forms sent out to prospective partners;
- 2) Feb. 2: Application forms are due by 4:30 pm PST;

Applications are ranked according to a matrix that considers items such as:

- Monetary support above the base \$8,523.00 (accounting for population served as well)

- The amount of in-kind support provided such as office space, printing and photocopy privileges, a designated phone (or phone number), and a computer.
 - The number of years the community has had a program in place
- 3) Mar. 29: Successful applicants are notified;
 - 4) Apr. 30: Payments are due for partner's share of the program;
 - 5) May 1: Communities with returning coordinators start their program;
 - 6) May 14: New coordinator training (in Kamloops);
 - 7) May 22: New coordinators begin work in the community;
 - 8) Nov. 30: Program ends (typical date).

Communities have the opportunity for contributing additional funds including a wage top-up for the position to ensure that a quality individual can be hired into the Community Coordinator position. For the 2017 season, the City contributed a wage top-up of \$4.81 per hour plus extra funding to help cover expenses for a total commitment of \$8,500.

Benefits or Impacts

General

The objective is to continue with the initiative of the Grand Forks Deer Committee to hire a WildSafeBC Community Coordinator.

Strategic Impact

Community Engagement

- Deer management is an important issue to the citizens of the City and Council would be continuing a proactive educational campaign aimed at reducing human-wildlife conflicts.

Community Livability

- Continuing to mitigate the impact of deer on the community.

Financial

The minimum financial commitment for the program is \$3,000.00. Wage top-up and extra expenses (including in-kind) have been committed in all previous years. The program would be funded through the Wildlife Management budget.

Policy/Legislation

The Sustainable Community Plan states that protecting the natural environment is an important sustainable principle to guide the community and one of the objectives is to promote city-wide environmental stewardship and education.
