Dear Mayor Konrad and Council,

The Transition Committee of BETHS is seeking a meeting with a two -person delegation from the City of Grand Forks and a two-person delegation from BC Housing in order to create a concrete plan for the 2018-2019 year.

We are hoping to get consensus moving forward on the status of the "Rapid Rehousing" initiative, including a proposed site and a Memorandum of Understanding outlining the process moving forward.

A draft of this letter addressed to BC Housing outlining this proposed meeting has been passed on to them, and we would like to meet in Penticton at the BCH offices in March pending their approval of the meeting.

Thank you for your time, and best regards.

Brian Taylor
Transition Committee Chair
