### **Councillor's Report**

Went on a ride along with Bud Alcock. Visited and had a quick tour of the Warming Centre, very nice facility. Talked with Kim Gordon, Director. Facility is not completely up to speed; however, with volunteer help, it is rapidly moving forward. We are welcome anytime. It was interesting learning Bud's responsibilities and his focus. He has many challenges.

The best in the New Year to all.

Cathy Korolek
