# **MANAGEMENT REPORT**

The Financial Statements contained in this Statement of Financial Information under the *Financial Information Act* have been prepared by management in accordance with generally accepted accounting principles, and the integrity and objectivity of these statements are management's responsibility. Management is also responsible for all the statements and schedules, and for ensuring that this information is consistent, where appropriate, with the information contained in the financial statements.

Management is also responsible for implementing and maintaining a system of internal controls to provide reasonable assurance that reliable financial information is produced.

The Mayor and Council are responsible for ensuring that management fulfills its responsibilities for financial reporting and internal control, and for reviewing and approving the audited financial statements and supplementary schedules contained in this Statement of Financial Information.

The external auditors, Kemp Harvey Burch Kientz Inc., conduct an independent examination, in accordance with generally accepted auditing standards, and express their opinion on the financial statements. Their examination does not relate to the other schedules and statements required by the Act. Their examination includes a review and evaluation of the corporation's system of internal control and appropriate tests and procedures to provide reasonable assurance that the financial statements are presented fairly.

On behalf of The Corporation of the City of Grand Forks

# **Management Report**

Management is responsible for the preparation of the accompanying financial statements. The financial statements have been prepared in accordance with the accounting principles disclosed in note 2 to the financial statements, and the integrity and objectivity of these statements are management's responsibility. Management is also responsible for all the notes to the financial statements and schedules, and for ensuring that this information is consistent, where appropriate, with the information contained in the financial statements.

Management has established and maintained a system of internal accounting controls which are designed to provide reasonable assurance that assets are safeguarded, transactions are authorized and recorded properly, and reliable financial information is produced.

The independent external auditors, Kemp Harvey Burch Kientz Inc., have conducted an independent examination in accordance with Canadian auditing standards and expressed their opinion in the accompanying report.

STRENGTH IN NUMBERS

# **INDEPENDENT AUDITORS' REPORT**

To the Mayor and Council of The Corporation of the City of Grand Forks

We have audited the accompanying financial statements of The Corporation of the City of Grand Forks, which comprise the statement of financial position as at December 31, 2016 and the statements of operations and accumulated surplus, changes in net financial assets and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

# Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

# **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

# Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of The Corporation of the City of Grand Forks as at December 31, 2016 and the results of its operations and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

The accompanying notes are an integral part of these financial statements

### For the year ended December 31, 2016

The notes to the financial statements are an integral part of these statements. They explain the significant accounting and reporting policies and the principles that form the basis of these financial statements, as well as providing supplementary information and explanations which cannot be conveniently integrated into the statements.

## 1. Nature of Entity

The City was incorporated in 1897 under the Municipal Act (now a combination of the Community Charter and the Local Government Act), a statute of the Province of British Columbia. Its principal activities include the provision of local government services to the residents of the incorporated area. These services include, protective, community planning, transportation, recreational, solid waste collection, water, sewer and electrical services.

### 2. Significant Accounting Policies

### Basis of Presentation

The financial statements are the responsibility of and are prepared by management in accordance with Canadian Public Sector Accounting Standards and prescribed by the Public Sector Accounting Board ("PSAB") of the Canadian Institute of Chartered Professional Accountants.

The City's operations and resources are segregated into various funds for accounting and financial reporting purposes, with each fund treated as a separate entity with responsibility for the assets allocated to it. Inter-fund transactions and balances have been eliminated in the preparation of these financial statements.

The City's funds are classified as follows:

i) Operating Funds

These funds include the general, electrical, water, and sewer operations of the City, and are used to record the operating costs associated with providing those services.

ii) Capital Funds

The capital funds record the acquisition costs of various capital assets and financing related to these assets. They include the general, electrical, water, and sewer capital funds.

iii) Reserve Funds

Under the Community Charter, City Council may, by bylaw, establish reserve funds for specific purposes. Money in a reserve fund and the interest earned thereon must be used only for the purpose for which the fund was established. If the amount in a reserve fund exceeds the amount required, City Council may, by bylaw, transfer all or part of the balance to another reserve.

iv) Trust Funds

These funds hold cash assets that must be used for specific purposes and/or beneficiaries according to agreements or legislated requirements. The City administers trust funds for its Employee Assistance Program, Slag Remediation, and Cemetery Care Fund. In accordance with public sector accounting standards, trust funds administered by the City are not included in the City's financial statements, other than as disclosed in Note 22.

### Budget Figures

The budget figures are from the 5-Year Financial Plan Bylaw, No. 2024 which was adopted on April 11, 2016. Subsequent budget amendments adopted by Council have not been included in these financial statements.

### For the year ended December 31, 2016

### **Revenue Recognition**

Taxation revenues are recorded upon issuance of the annual property tax notices in May. Revenues from the sale of services and user fees are recognized when the service or product is provided by the City. Franchise and other revenues are recorded as they are earned and measurable. Amounts that have been received in advance of services being rendered are recorded as deferred revenue until the City fulfills its obligations related to the provision of those services.

Transfers from other governments are recognized as revenue in the period that the transfer is authorized, eligibility criteria have been met, and a reasonable estimate of the amount can be made. If transfer agreements contain stipulations that would give rise to obligations which meet the definition of a liability, revenue is deferred and recognized as the stipulations are met.

Investment income is recorded on the accrual basis and recognized when earned.

#### **Deferred Revenue**

Funds received for specific purposes which are externally restricted by legislation, regulation or agreement and are not available for general municipal purposes are accounted for as deferred revenue. The associated revenue is recognized in the year in which it is used for the specified purpose.

#### Expenses

Expenses are generally recognized as they are incurred based upon receipt of the goods and services and/or a legal obligation to pay is established.

#### Financial Instruments

The City's financial instruments consist of cash, deposits, accounts receivable, accounts payable and accrued liabilities, and short and long-term debt.

#### **Inventories**

Inventories consist of supplies and repair parts held for use by the electrical utility, fuel used in operations, and aviation fuel for resale. Inventory is recorded at cost, on a weighted average or specific item basis.

#### Liability for Contaminated Sites

Contaminated sites are a result of contamination being introduced into air, water or sediment of a chemical, organic or radioactive material or live organism that exceeds the maximum acceptable concentrations under an environmental standard. A liability for remediation of contaminated sites is recognized when all of the following criteria are met:

- i. an environmental standard exists;
- ii. contamination exceeds the environmental standard;
- iii. the City is directly responsible or accepts responsibility, and a reasonable estimate of the amount can be made.

The liability includes costs directly attributable to remediation activities including post remediation operations, maintenance and monitoring.

Management has prepared an inventory of sites that are no longer in productive use. These sites have been evaluated by management to be at low risk of contamination exceeding applicable environmental standards which would require remediation. Therefore, no liability has been recognized and included in these financial statements.

### For the year ended December 31, 2016

### **Tangible Capital Assets**

Tangible capital assets are recorded at cost, which includes all amounts that are directly attributable to the acquisition, construction, development or betterment of the asset, but excluding interest. The cost of tangible capital assets is amortized on a straight-line basis over the estimated useful life of the asset as follows:

General Capital Fund Land Land Improvements Buildings Engineering Structures Machinery & Equipment Vehicles	Estimated Useful Life Not amortized 20 - 50 years 40 - 50 years 10 - 50 years 3 - 25 years 8 - 40 years
Electrical System Capital Fund Electrical infrastructure	5 - 40 years
Water System Capital Fund Water infrastructure	10 - 50 years
Sewer System Capital Fund Sewer infrastructure	10 - 50 years

Donated tangible capital assets are recorded at their fair value at the date of receipt.

Work in progress, which represents capital projects under construction but not yet completed, is not amortized until construction is complete and the asset is available for productive use.

### Long-Term Debt

Outstanding long-term debt is reported net of applicable sinking fund balances.

#### Debt Charges

Interest on debt is charged to current operations. Interest charges are accrued for the period from the date of the latest interest payment to the end of the year.

#### Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and the reported amounts of revenues and expenses during the financial reporting period. Significant areas requiring the use of estimates include the determination of accrued payroll liabilities and employee future benefits, tangible capital asset useful lives and amortization expense, and provisions for contingencies. Actual results could differ from management's best estimates as additional information becomes available in the future.

## For the year ended December 31, 2016

## 3. Cash

Cash is comprised of unrestricted cash for operations and restricted cash for reserve funds and deferred development cost charges which are held in segregated accounts.

Restricted cash	2016	2015
Statutory Reserves Restricted Revenues	\$ 5,449,614 515,399	\$ 3,564,582 <u>510,146</u>
	5,965,013	4,074,728
Unrestricted cash	3,842,487	4,139,242
Total cash	<u>\$ 9,807,500</u>	\$ 8,213,970

# 4. Operating Line of Credit

The City has an operating line of credit with Grand Forks Credit Union for an authorized amount of \$2,000,000, bearing interest at the base lending rate less 0.5%. At December 31, 2016, the balance outstanding on the operating line of credit was nil (2015 - nil).

# 5. Accounts Receivable

Accounts receivable are recorded net of allowances and comprise the following:

	2016	2015
Property taxes	\$ 770,397	\$ 771,060
Utility accounts receivable	1,342,982	1,243,688
Due from other governments	36,344	44,760
Insurance proceeds receivable	-	393,796
Trade and other receivables	149,846	92,547
	<b>\$ 2,299,569</b>	\$ 2,545,851

### 6. Municipal Finance Authority Debt Reserve Fund

The Municipal Finance Authority provides capital funding for regional districts and their member municipalities through the issuance of debenture debt. The Debt Reserve Fund established by the Municipal Finance Authority is security held in trust to meet its obligations to debenture holders.

Municipalities sharing in the proceeds of a debt issue are required to contribute certain amounts to the debt reserve fund in the form of cash withheld from the loan proceeds and a non-interest bearing demand note. Monies paid into the Debt Reserve Fund are obligations of the Municipal Finance Authority and are refunded, with interest, upon maturity of the debt.

Only the cash portion of MFA deposits is included as a financial asset. The demand notes are contingent in nature and not reflected in the financial statements.

# For the year ended December 31, 2016

The details of the cash deposits and demand notes at year end are as follows:

	Demand Notes	Cash Deposits	2016	2015
General Fund Sewer Fund	\$28,501 52.185	\$    7,159 23.512	\$   35,660 75.697	\$ 35,466 75,057
	\$ 80,686	\$ 30,671	\$ 111,357	\$ 110,523

#### 7. Lease Receivable

The City has entered into a long-term capital lease agreement with the Regional District of Kootenay Boundary for the lease of a building and lands. The term of the agreement is 12 years commencing August 1, 2010, with annual payments of \$27,000 including interest at 4.65%. Interest of \$6,289 (2016 - \$7,209) was received during the year.

### 8. Accounts Payable and Accrued Liabilities

Accounts payable and accrued liabilities comprise the following:

	2016	2015
Wages and benefits	\$ 465,942	\$ 470,908
Trade payables	762,655	769,578
Other taxing authorities	74,891	207,706
Accrued interest	14,150	23,213
	\$ 1,317,638	\$1,471,405

### 9. Employee Future Benefits

The City provides sick leave and certain other benefits to its unionized employees upon retirement. The liabilities and expenses for post-employment sick leave benefits are recognized in the financial statements in the period in which they are earned, and as at the end of 2016 are fully accrued to the level of the employees' current accumulated entitlement.

Expenses for management sick time are not accrued, but recognized at the time they are paid.

#### **10. Deferred Revenues**

The City records deferred revenue for funds received in advance of services being rendered. These amounts are shown as liabilities until the services are rendered or related costs are incurred.

### For the year ended December 31, 2016

#### **Deferred Revenues**

	Balance, Beginning of	Contributions	Revenue	Balance,
	Year	Received	Earned	End of Year
Prepaid taxes	240,510	257,890	(240,510)	257,890
Prepaid utilities	37,038	36,697	(37,038)	36,697
Library maintenance contract	26,100	13,000	(11,365)	27,735
Victim assistance	1,243	35,809	(37,052)	-
Grants	22,120	-	(22,120)	-
Deposits and other	6,776	10,821	(6,575)	11,022
	333,787	354,217	(354,660)	333,344

### 11. Temporary Loan

In 2012, the City completed the approval process for two long-term loans of up to \$1,300,000 and \$4,200,000 with the Municipal Finance Authority for the capital funding of emergency water supply for fire flow protection and renewal of road, water, and sewer infrastructure.

The City passed temporary borrowing bylaws for these loans, authorizing interim financing with the Municipal Financing Authority up to the total amount of the loans. These interim loans are demand, non-revolving loans, bearing daily interest at a floating rate which is currently at approximately 1.4% per annum. The City has issued promissory notes which require the repayment of principal by September 30, 2019, should the interim loans not be converted to long-term debt prior to that date.

To date, the City has drawn \$370,719 and \$875,870 against these loans, and during 2016 made interest payments of \$5,146 and \$12,160 (2015 - \$4,737 and \$10,136).

### 12. Deferred Development Cost Charges (DCCs)

Pursuant to the provisions of the Local Government Act, development cost charges are held in separate reserve funds for the purpose for which the charges have been imposed. When the related costs are incurred, the DCCs are recognized as revenue. Due to the restrictive nature of these funds, they are shown as liabilities.

	2016	2015
Balance, beginning of year	\$ 510,146	\$ 504,470
Interest on investments	5,253	5,676
Balance, end of year	<u>\$515,399</u>	\$ 510,146

The balance of deferred development cost charges comprises the following:

	2016	2015
Water development cost charges	\$ 182,628	\$ 180,762
Sewer development cost charges	330,333	326,970
Parkland development cost charges	2,438	2,414
	\$ <u>515,399</u>	\$510,146

### For the year ended December 31, 2016

### 13. Obligations under Capital Lease

The City entered into capital lease agreements with the Municipal Finance Authority to finance the acquisition of certain equipment purchases. During the year, the City made principal payments of \$2,677 to extinguish its obligations in full under these agreements.

### 14. Long-Term Debt

The City has financed certain capital expenditures by means of long-term debenture debt obtained from the Municipal Finance Authority (MFA) through the Regional District of Kootenay Boundary. These loans range in term from ten to twenty years, with maturity dates from 2019 to 2033. The terms of the loan agreement require the City to deposit 1% of the gross proceeds into a debt reserve fund (see note 6) in addition to the issuance of a demand note payable to the MFA.

At the beginning of the year, the City received funding from the MFA under its equipment financing program, which takes the place of the former MFA leasing program. This consists of a five-year loan with variable interest based on the monthly Canadian Dealer Offered Rate. The City has signed a promissory note payable to the MFA in respect of this loan.

	Current Interest			Balance, Beginning of		Р	ayments of		Actuarial	Balance,

Other revenues	<b>30,686</b> 8,581	
	<b>\$ 736,055 \$</b> 673,759	

# 20. Government Transfers

In 2016 the City received and recorded the following transfers from other governments:

	2016	2015
Operating transfers		
Federal	\$ 97,475	\$ 12,000
Provincial	540,667	587,074
	<u>\$ 638,142</u>	\$ 599,074
Capital transfers		
Federal	\$ 253,210	\$ 214,785
Provincial	55,098	351,366
	<u>\$ 308,308</u>	\$ 566,151
Total government transfers	<b>\$ 946,450</b>	\$ 1,165,225

For the year ended December 31, 2016

#### 21. Reconciliation to Budget

The following reconciles the balanced statutory budget adopted by Council on April 11, 2016 with the budgeted surplus reported on the statement of operations and accumulated surplus:

Budget surplus as per the statement of operations and accumulated surplus

and accum	nulated surplus	\$ 139,167
Add:	Budgeted amortization expense Budgeted transfer from reserves Debt proceeds	1,656,491 617,598 4,252,914
Subtract:	Debt principal repayments Tangible capital asset expenditures	(230,150) (6,436,020)
Surplus as	per Financial Plan Bylaw No. 2024	\$

#### 22. Trust Funds

Funds held in trust and administered by The City, which are not included in these consolidated financial statements, include the following:

	2016	2015
Fund Balance		
Cemetery Care Fund	\$ 152,673	\$148,799
Employee Assistance Program	8,825	10,318
Slag Remediation Trust	9,907	· _
	<u>\$ 171,405</u>	\$159,117

#### 23. Contingent Liabilities

#### **Regional District of Kootenay Boundary**

Under the provisions of the *Local Government Act*, Regional District debt is a direct, joint and several liability of the Regional District and each member municipality including the City of Grand Forks. The loan agreements with the Municipal Finance Authority provide that if at any time the scheduled payments provided for in the agreements are not sufficient to meet the Authority's obligation with respect to such borrowing, the resulting deficiency becomes the liability of the member municipalities.

#### Legal Actions

The City is currently engaged in certain legal actions, the outcome of which is not determinable at this time. Accordingly, no provision has been made in the accounts for these actions. The amount of loss, if any, arising from these actions will be recorded in the accounts in the period in which the loss is realized.

For the year ended December 31, 2016

### **Pension Liability**

The City and its employees contribute to the Municipal Pension Plan (a jointly trusteed pension plan). The board of trustees, representing plan members and employers, is responsible for administering the plan, including investment of assets and administration of benefits. The plan is a multi-employer defined benefit pension plan. Basic pension benefits are based on a formula. As at December 31, 2015, the plan has about 189,000 active members and approximately 85,000 retired members. Active members include approximately 37,000 contributors from local governments.

Every three years, an actuarial valuation is performed to assess the financial position of the plan and adequacy of plan funding. The actuary determines an appropriate combined employer and member contribution rate to fund the plan. The actuary's calculated contribution rate is based on the entry-age normal cost method, which produces the long-term rate of member and employer contributions sufficient to provide benefits for average future entrants to the plan. This rate is then adjusted to the extent there is amortization of any funding deficit.

The most recent valuation for the Municipal Pension Plan as at December 31, 2015, indicated a \$2,224 million funding surplus for basic pension benefits on a going concern basis.

The City of Grand Forks paid \$274,612 (2015 - \$285,161) for employer contributions to the plan in fiscal 2016.

The next valuation will be as at December 31, 2018, with results available in 2019.

Employers participating in the plan record their pension expense as the amount of employer contributions made during the fiscal year (defined contribution pension plan accounting). This is because the plan records accrued liabilities and accrued assets for the plan in aggregate, resulting in no consistent and reliable basis for allocating the obligation, assets and cost to individual employers participating in the plan.

### 24. Future Accounting Changes

### PS 2200 – Related Party Disclosures

This new section defines a related party and establishes disclosure requirements for related party transactions. Disclosure of information about related party transactions and their underlying relationship is required when such transactions have occurred at a value other than that which would have taken place with unrelated parties. This section applies to fiscal years beginning on or after April 1, 2017, with early adoption permitted.

#### PS 3320 - Contingent Assets

This section defines and establishes disclosure standards for contingent assets. Contingent assets are possible assets arising from existing conditions or situations involving uncertainty, which will ultimately be resolved when one or more future events, not wholly within the public sector entity's control, occur or fail to occur. Resolution of the uncertainty will confirm the existence or non-existence of the asset. This standard applies to fiscal years beginning on or after April 1, 2017, with early adoption permitted.

### For the year ended December 31, 2016

#### PS 3380 - Contractual Rights

Contractual rights are rights to economic resources arising from contracts or agreements that will result in a future asset and revenue. They may include contractual rights to receive payments under shared cost agreements or lease payments. Disclosure of information about contractual rights under this section applies to fiscal years beginning on or after April 1, 2017, with early adoption permitted.

#### 25. Segmented Information

The City's operations and activities are organized into various funds and departments for management reporting. The costs related to the provision of services within a particular department or fund are disclosed in the segmented information presented below.

The General Fund includes services provided by the City such as general government services, protective services, development services, recreation and culture, transportation services and public works, and environmental health and public health services. The utility operations are comprised of the water, electrical and sewer utilities, each accounting for its own operations and programs within their own funds.

Revenues within the General Fund have been allocated to the various activities where they are directly attributable to that department. Taxation and other revenues which are not directly related to a particular activity are reported under General Government Services and have not been apportioned to the other departments within the General Fund.

#### **General Government Services**

General government operations are primarily funded by property taxation. The expenses within the department include those for legislative, general administration, finance, and communications.

### **Protective Services**

Protective services are comprised of fire protection services, building inspection, bylaw enforcement, and victim services. Grand Forks Fire/Rescue provides fire and emergency services to both the City and rural area through a contract for services with the Regional District of Kootenay Boundary.

#### **Environmental and Public Health Services**

Environmental Health services include solid and yard waste collection services contracted through agreement between the City and the Regional District Of Kootenay Boundary.

Public Health services relate to operation and maintenance of the cemetery.

#### Planning and Development Services

The Planning and Development services department provides engineering services support to facilities, parks, roads, water, sewer and electrical for infrastructure projects, as well as planning support for subdivisions and development, ensuring compliance with zoning and land use provisions of the community plan.

### For the year ended December 31, 2016

#### **Transportation Services and Public Works**

The transportation and Public Works segment includes costs for the maintenance of city streets and sidewalks, snow removal services, airport operations, maintenance and operation of the vehicle fleet, and general administrative costs for Public Works.

#### **Recreation and Cultural Services**

This segment includes costs related to the maintenance and repair of publicly owned buildings, in addition to costs for operation of parks and the City campground, and for community events support and fee for service agreements.

#### **Electrical Utility**

This segment includes all of the operating activities related to the provision of electrical services to the majority of properties within the city boundaries. Electricity is purchased from the FortisBC Inc. electrical utility for resale to the City's customers, while services are provided by the City's own electrical crews.

#### Water Utility

This segment includes all of the operating activities related to the treatment and distribution of water throughout the City.

#### Sewer Utility

This segment includes all of the operating activities related to the collection and treatment of wastewater throughout the City.

#### 26. Comparative Figures

Certain of the comparative figures have been restated to conform to the current year's presentation.
