

Councillor Moslin's:

I am sorry to say I have no report to submit as I have been away and I am still camping in a WiFi free zone. I hope my colleagues will carry the balk this week. Frankly there is only one thing to talk about and that is Roger Brooks' presentation. I have seen glimpses of it, but I will watch all of it before the council meeting. In fact, if no one else has a written report please submit this email so that topic can get on the agenda.
